

**LUZERNE
INTERMEDIATE
UNIT #18**

**SECTION: OPERATIONS
TITLE: NALOXONE
ADOPTED: NOVEMBER 22, 2017
REVISED:**

823. Naloxone	
1. Purpose	As a means of enhancing the health and safety of its students, staff and visitors, the Plains Alternative Learning Center Building which is operated by the Luzerne Intermediate unit #18 may obtain, maintain and administer doses of an opioid antagonist and other facilities, specifically Naloxone, for emergency use to assist a student, staff member or other individual believed or suspected to be experiencing an opioid overdose. <u>[1][2]</u>
2. Definitions <u>1. 35 P.S. 780-113.7</u> <u>2. 35 P.S. 780-113.8</u>	Drug overdose – shall mean an acute medical condition, including, but not limited to, severe physical illness, coma, mania, hysteria or death, which is the result of consumption or use of one or more controlled substances causing an adverse reaction, An individual’s condition may be deemed to be a drug overdose if a prudent person, possessing an average knowledge of medicine and health, would reasonably believe that the condition is in fact a drug overdose and requires immediate medical attention. <u>[1]</u>
3. Pol. 324	Naloxone - shall mean a medication that can reverse an overdose caused by an opioid drug. As a narcotic antagonist, Naloxone displaces opiates from receptor sites in the brain and reverses respiratory depression that usually is the cause of overdose deaths. Opioid – shall mean illegal drugs such as heroin, as well as prescription medications used to treat pain such as morphine, codeine, methadone, oxycodone, hydrocodone, fentanyl, hydromorphone and buprenorphine.

<p>3. Delegation of Responsibility</p> <p><u>4.22 PA Code</u> <u>10.2</u></p> <p><u>5.22 PA Code</u> <u>10.21</u></p> <p><u>6.22 PA Code</u> <u>10.22</u></p>	<p>The Program Director or designee, in consultation with the school nurse shall establish appropriate internal procedures for the acquisition, stocking and administration of Naloxone and related emergency response procedures pursuant to this policy.</p> <p>The school nurse shall be the prescribing and supervising medical professional for the stocking and use of Naloxone in the building. The Executive Director or designee shall obtain a standing order from the school physician for administration of Naloxone.</p> <p>The school nurse shall be responsible for building-level administration of Naloxone and management of Naloxone stocks in the building.</p>
<p>4. <i>Guidelines</i></p>	<p>The school nurse shall develop a plan of annually informing all parents/guardians, student and staff about this policy and specifically:</p> <ol style="list-style-type: none"> 1. The availability of Naloxone to treat opioid drug overdoses and what it does; 2. The symptoms of opioid drug overdoses; 3. How students and staff should report suspected overdoses; 4. The protection from criminal prosecution provided by law for persons who report a suspected overdose using their real name and remain with the overdosing person until emergency medical services (EMS) or law enforcement arrive, as well as for the person whose overdose they report; and <u>[1][2]</u> 5. The protection from civil liability provided by law for persons who report overdoses or administer Naloxone in overdose emergencies. <u>[1][2]</u> <p><u>Standing Order From the School Physician</u></p> <p>The school nurse, or designee, shall provide and annually renew a standing order for administration of Naloxone to students, staff members or other Individuals in designated programs, who are believed or suspected to be experiencing an opioid overdose.</p>

4. *Guidelines*

9. Pol. 227
10. Pol. 805.1

The standing order shall include at least the following information:

1. Type of Naloxone (intranasal and auto-injector).
2. Date of issue.
3. Dosage.
4. Signature of the school physician.

The standing order shall be maintained in the nurse's office, the IU administrative office, and copies of the standing order shall be kept in each location where Naloxone is stored.

Training

Before any Intermediate Unit employee may have custody of Naloxone or administer Naloxone under this policy, the employee must successfully complete an online Pennsylvania Department of Health training program about recognizing opioid-related overdoses, administering Naloxone and promptly seeking medical attention for drug overdoses. Evidence that such training has been completed shall be placed in the employee's personnel file. [2][3]

A list of Intermediate Unit employees who successfully complete such training shall be maintained, updated and kept in the school nurse's office and the Intermediate Unit administration office.

Acquisition, Storage and Disposal

For each designated program, Naloxone shall be safely stored in the school nurse's office or other location designated by the school nurse in accordance with the drug manufacturer's instructions.

Naloxone shall be made readily accessible to those employees who have completed the required training to administer it in the event of a suspected drug overdose. All properly trained employees shall be informed of the exact location where Naloxone is being stored within the school nurse's office or other location.

The school nurse shall obtain sufficient supplies of Naloxone pursuant to the standing order in the same manner as other medical supplies acquired for the school health program. The school nurse or designee shall regularly inventory and refresh Naloxone stocks, and maintain records thereof, in accordance with the established internal procedures, manufacturer recommendations and Department of Health Guidelines.

<p>4. <i>Guidelines</i></p>	<p><u>Administration of Naloxone</u></p> <p>When responding to a suspected drug overdose, employees shall follow the steps outlined below:</p> <ol style="list-style-type: none"> 1. Call for medical help immediately (Dial 9-1-1). 2. Check for signs of opioid overdose. 3. Perform initial rescue breathing (or CPR if needed), as instructed in training. 4. Administer Naloxone, as instructed in training. 5. Continue rescue breathing (or CPR if needed), as instructed in training. 6. Administer second dose of Naloxone if needed, as instructed in training. 7. Place in recovery position, as instructed in training. 8. Stay with the individual until emergency medical help arrives. 9. Cooperate with EMS personnel responding to the incident. 10. Notify the building administrator or designee of the incident.
<p><u>11.22 PA Code</u> <u>10.25</u> 12. Pol. 236</p>	<p><u>Referral to Law Enforcement and Parental Notification</u></p> <p>The Program Director or designee shall immediately report incidents involving the use of controlled substances on school property, at any school function under the jurisdiction of the Intermediate Unit, or on a conveyance providing transportation to or from any school function under the jurisdiction of the Intermediate Unit, to the local police department that has jurisdiction over the school property of the Intermediate Unit, in accordance with state law and regulations, the procedures set forth in the memorandum of understating with local law enforcement and Board polices. <u>[4][5][6][7][8][9][10]</u></p> <p>The Program Director or designee shall notify the parent/guardian of any student directly involved in an incident involving use of controlled substances immediately, as soon as practicable. The Program Director or designee shall inform the parent/guardian whether or not the local police department that has jurisdiction over the school property of the Intermediate Unit has been or may be notified of the incident. The Program Director or designee shall document attempts made to reach the parent/guardian. <u>[4][9][10]</u> <u>[11]</u></p>

<p>4. <i>Guidelines</i></p> <p><u>13.42 Pa. C.S.A. 8547</u></p> <p><u>14.42 Pa. C.S.A. 8548</u></p> <p>15. Pol. 916</p>	<p><u>Referral to Student Assistance Program</u></p> <p>Any student who experiences a drug overdose shall be referred to the Intermediate Unit's Student Assistance Program. [12]</p> <p><u>Indemnification</u></p> <p>The Intermediate Unit shall indemnify and hold harmless any employee who administers Naloxone in good faith to another individual experiencing a suspected drug overdose, if all of these conditions apply: <u>[2][13][14]</u></p> <ol style="list-style-type: none">1. The employee did not act with the intent to harm or with reckless indifference to a substantial risk or harm in administering Naloxone to that individual.2. The employee successfully completed the training contemplated by this policy.3. The employee promptly sought additional medical assistance before or immediately after administering Naloxone. <p>The employee is administering Naloxone pursuant to this policy.</p>
